FINE ART PASTEL PAINTING

Creative endeavor has always called to me —whether at my easel, in the garden or kitchen, or at my computer. Any opportunity to make things always seems to get my attention!

I am a graduate of Kutztown University with a BFA in Advertising Design. A forty-year career in art direction and graphic design while owning my own business provided ample creative challenges, plenty of deadlines and many rewarding relationships with colleagues and clients.

The family is grown now and I am fortunate to have time to revisit my own artwork. I began classes in pastel painting at the Baum School in 2013 and continue learning by attending pastel workshops. I became a member of the Bethlehem Palette Club, the Parkland Art League and the Lehigh Art Alliance and have exhibited in juried shows with these groups since 2015.

It is a real joy to have the opportunity to paint and also my sincere pleasure to share my artwork with you.
